

**RANDY WADE
SHELBY COUNTY SHERIFF**

What events or experiences caused you to decide to run for this office?

It is not about the office it is about giving public service. When elected as the Sheriff of Shelby County this would only be an extension of my public service.

Vision and Strategies:

- 1) Crime is not only a sheriff problem but a community problem; therefore we need strong neighborhood watch programs and involvement of the business community and church groups as well. In working with other law enforcement agencies, we need the Sheriff Department and other agencies to support strong legislation to support laws of those persons convicted of violent crimes.
- 2) The best way of managing law enforcement agencies with distinct missions is by keeping and promoting experienced division commanders and equipping them with the best training, technology and tools providing weekly reports from division commanders of their progress. In regards to jail management, I want to continue to improve accreditation of the department. The jail is a very important component of the sheriffs department because it is the main priority of being Sheriff. Moreover, I want to manage and improve the security of the jail; jail security must not be breached.
- 3) In working with local, state and federal agencies, I want to ensure that prisoners who have been convicted are transported to their perspective places in a timely fashion. If this process is followed, it will help prevent jail over crowding.

Improving the system:

- 1) People must understand that although there is annexation, people are moving in the unincorporated areas and businesses have also, having to adjust personnel into those areas where growth has occurred. In addition, there are other divisions in the departments that are undermanned that must be looked at.
- 2) Through community outreach programs such as neighborhood watch, national night out and operation safe community. These programs serve as the eyes and ears of the community, through partnering with community leaders. Also, by hiring bi-lingual personal.

Any other information you would like to share with the voters:

If I am blessed to be elected, Sheriff of Shelby County. I will make the voters very proud. Giving all that I can give to help make our community a safe place to live. I have a record of community service. I love my county and the people that live ion it.

I am dedicated and committed. If you are own the side of justice then we are on the same team. I am the man for the job. "Wade Is The Way"

Thank you and may God Bless All Of Shelby County.
